

It is important that we acknowledge the generosity of donors who make gifts and commitments to the Saint Sophia Cathedral Narthex Campaign. Accordingly, a Wall of Honor will be placed prominently in a future New Visitor Center to recognize those in our community who contribute gifts or fulfill pledges of \$5,000 or more. This will allow the sacrifice and generosity of Saint Sophia Cathedral parishioners and friends to become part of the permanent history of the parish. - Additionally, gifts of all levels will be recognized in a published honor roll of donors. Donors who wish to remain anonymous may do so.

The following gift categories will be recognized on the Wall of Honor:
